

Membership options

Connect: this first tier provides full access to the services offered by MEDVIA. Members subscribing to the *connect* level receive the following benefits:

- access to all MEDVIA events and networking sessions
- reports on innovation roadmaps and business opportunities
- favourable rates for training courses and seminars
- favourable rates for services supporting your organisation in your innovation path
- participating in project brokering sessions for innovation funding
- participating in the thematic working groups for the annual project call

Cultivate: this mid-tier provides all the benefits of the *connect* membership level and adds a personalised service level through a MEDVIA account manager. Each year, the member will be offered the opportunity to participate in a number of one-on-one sessions to:

- explore your needs and priorities with MEDVIA
- enable an active lookout within MEDVIA for opportunities that match your needs
- provide discrete mediation to identify project partners
- get tailored insights in the healthtech roadmaps and upcoming calls for projects

Carry: the high-end tier comprises all benefits of the lower tiers and adds potential impact on the MEDVIA organisation through:

- participating in the governance of MEDVIA
- having voting rights at the general assembly of MEDVIA, hence have direct impact on the priorities, programmes, calls and services
- being eligible for the Board of Directors
- taking up the role of chairing the advisory councils/workgroups
- exempted from success-based fees when participating in the annual project call
